

- (2) Clinton's outcrop #14 was mine stripped by the AEC (CR-90-A) P.3. I determined #14 was on Claim 16 (p.16).
- (1) Don't have any information on the "Prospect" – was not one of Clinton's outcrops.

USGS DOQQs with a transparent topo map overlay are portrayed for the Aspen Wash area. The blue map overlay is from the Ampet Group Certification Report.

Unnamed Prospect
and Claim 16

1. Is there a name for the prospect at the top of the map?
2. Was there any surface disturbance (prospecting) on the Claim 16?
